

AMENDED APPENDIX A

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
PX 003	656-4	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-010689638	As reflected in the public, redacted version filed herewith, Google requests limited redactions pertaining to certain non-public financial and commercial information, including revenues and revenue shares. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 003's meaning.
PX 008	678-2	Excerpts from the Expert Report of Robin S. Lee, on behalf of Plaintiffs, dated December 22, 2023 ¹	<p>Google requests limited redactions of (1) certain non-public financial, accounting, technical, and commercial information of Google's; and (2) detailed charts containing market-share analyses and calculations based either entirely or in part on Google's internal, non-public proprietary data. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 008's meaning.</p> <p>Specifically, Google seeks the following information in PX 008 to be kept under seal:</p> <ul style="list-style-type: none"> • P. 38 (Fig. 17): Worldwide indirect programmatic spending on open-web display advertising by transaction type through Google's AdX and AdSense products; • P. 109 (Fn. 354): The percentage of AdX web publishers that sold no mobile app or tablet app impressions in 2022; • P. 110 (¶ 273): Average CPMs for DV360 and Google Ads in 2022;

¹ As Plaintiffs' expert reports are marked highly confidential in their entirety, Google has not filed proposed redacted versions on the public docket. Google has instead included a description of the information within those exhibits it seeks to remain under seal.

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
			<ul style="list-style-type: none"> • P. 110 (§ 275): Average share of impressions derived from web pages in 2022, among publishers using AdX who offer both web and mobile app inventory; • P. 170 (§ 418): Calculations of Google's operating profits in the DVAA product area; • P. 170 (n.591): Quotes from Dr. Respass's report regarding Google's accounting policy, and Robin S. Lee's statement reflecting the information from the quotes (i.e., the text of footnote 591); • P. 197 (n.691): Quotes from the transcript of Jessica Mok's deposition regarding Google's accounting policy; • P. 198 (n.696): The number of indirect open-web display impressions that AdX transacted worldwide in 2022; • P. 199 (Fig. 47): Shares of worldwide indirect open-web display impressions transacted through ad exchanges; • P. 200 (Fig. 48): Google AdX's share of worldwide indirect open-web display impressions among ad exchanges in 2022; • P. 200-201 (§ 487): The proportions of display advertising transactions by U.S. publishers who engaged in indirect open-web advertising on AdX, AdSense, and DV360 that involve U.S. users; • P. 201 (n.703): The number of indirect open-web display impressions transacted by AdX to be served to U.S. users in 2022;

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
			<ul style="list-style-type: none"> • P. 260 (¶ 629): Percentage of non-Google inventory in Google Ads' impressions in 2022, as well as the statement reflecting this percentage (i.e., the last sentence of paragraph 629); • P. 260 (n.885): Percentage of non-Google inventory in Google Ads' open-web impressions for U.S. advertisers in 2022; • P. 261 (Fig. 66): Avenues of Google Ads' purchases; • P. 261 (¶ 630): AdX's share of Google Ads' worldwide indirect open-web display impressions on ad exchanges; • P. 261 (¶ 630): Third-party exchanges' share of Google Ads' worldwide indirect open-web display impressions on ad exchanges; • P. 261 (¶ 630): The percentage of the time when Google Ads (and AdX) wins the impression when it bids into an AdX auction; • P. 261 (¶ 630): The percentage of the time when Google Ads wins the impression when it bids into a rival exchange; • P. 261 (¶ 630): The statement that reflects the win rates when Google Ads bids into different ad exchanges (i.e., the last incomplete sentence in paragraph 630 on page 261); • P. 261 (Fn. 889): The statement that reflects the percentage of the time when Google Ads wins the impression when it bids into a rival exchange (i.e., the first sentence of footnote 889); • P. E-2 (Fig. 110): Google AdX's average take rates in the January of 2021 and 2022; • P. E-2 (Fig. 110): Google AdX's share of impressions in 2022;

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
			<ul style="list-style-type: none"> • P. E-2 (Fig. 111): Google Ads's average margins in the January of 2021 and 2022 for different inventory sources; • P. E-3 (Fig. 112): Average Google Ads's margins for different ad exchanges in 2021 and 2022; • P. E-3 (Fig. 113): Google Ads's margin sensitivities (transactions through AdX) under different scenarios for 2021 and 2022; • P. L-16 (§ 62): Modifications made to the Poirot algorithm (i.e., the second sentence of paragraph 62); • P. L-18 (n.1460): Descriptions of Project Alchemist (i.e., quotes from GOOG-AT-MDL-006218271, as well as the text of footnote 1460); • P. L-22 (§ 77): Detailed descriptions of Project Bernanke and Content Ads Targeting v2 (i.e., quotes in paragraph 77 on page L-22); • P. L-22 (n.1473): Descriptions of Content Ads Targeting v2 (i.e., the second sentence of the quotes from GOOG-AT-MDL-006218257); • P. M-1: Definition of Alchemist; and • P. M-1: Definition of CAT2.
PX 015	670-14	Document produced by Google in this matter, and bearing Bates No.	As reflected in the public, redacted version filed herewith, Google requests limited redactions of certain non-public financial and commercial information, as well as non-public information reflecting recent and future

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
		GOOG-AT-MDL-001970341	strategies. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 015's meaning.
PX 027	670-26	Excerpts from the Expert Report of Rosa M. Abrantes-Metz, on behalf of Plaintiffs, dated December 22, 2023	<p>Google requests limited redactions of certain non-public commercial and technical information regarding a Google product feature. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 027's meaning.</p> <p>Specifically, Google seeks the following information in PX 027 to be kept under seal:</p> <ul style="list-style-type: none"> • P. 149-150 (¶ 282): Detailed descriptions of Project Poirot (i.e., the third, fourth, fifth, sixth, and seventh sentences in paragraph 282); • P. 150 (¶ 283): Detailed description of Project Poirot (i.e., the third sentence in paragraph 283); • P. 150 (n.417): The quote from GOOG-DOJ-12059682 regarding Project Poirot; • P. 150 (Fn. 418): The quote from GOOG-AT-MDL-007393541 regarding Project Poirot; and • P. 150 (Fn. 419): The quote from GOOG-AT-MDL-007393541 regarding Project Poirot.
PX 029	670-28	Excerpts from the Expert Report of Ramamoorthi Ravi, on behalf of Plaintiffs, dated December 22, 2023	Google requests limited redactions of certain non-public technical, experimental, and commercial information regarding certain Google product features, as well as discussions of the underlying source code. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 029's meaning.

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
			<p>Specifically, Google seeks the following information in PX 029 to be kept under seal:</p> <ul style="list-style-type: none"> • P. 68 (n.231): Descriptions of source code (i.e., the entire footnote 231 except for the Bates numbers of the documents cited therein); • P. 69 (n.239): Descriptions of source code (i.e., quotes from GOOGEDVA-SC-00018 and GOOGEDVA-SC-00020); • P. 104 (¶ 193): Description of the experiment that Google ran for a certain model (i.e., the first sentence on page 104); • P. 104 (¶ 194): The current state of certain Google product features; • P. 104 (n.426): Quotes from GOOG-DOJ-AT-02242745, regarding the experiment that Google ran for a certain model; • P. 104 (n.427): Quotes from GOOG-AT-MDL-006218271, regarding the current state of certain Google product features.
PX 030	670-29	Excerpts from the Expert Rebuttal Report of Rosa M. Abrantes-Metz, on behalf of Plaintiffs, dated February 13, 2024	<p>Google requests limited redactions of certain non-public pricing information. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 030's meaning.</p> <p>Specifically, Google seeks the following information in PX 030 to be kept under seal:</p> <ul style="list-style-type: none"> • P. 126 (¶ 316): The comparison of take rates between AdX and other ad exchanges between 2020 and 2022; • P. 126 (¶ 316): The comparison of take rates between AdX and other ad exchanges in 2022.

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
PX 032	670-31	Excerpts from the Expert Report of Gabriel Weintraub, on behalf of Plaintiffs, dated December 22, 2023	<p>Google requests limited redactions of certain non-public technical and experimental information regarding certain Google product features. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 032's meaning.</p> <p>Specifically, Google seeks the following information in PX 032 to be kept under seal:</p> <ul style="list-style-type: none"> • P. 140 (n.494): Descriptions of Project Bernanke (i.e., the text of footnote 494 and the quote from GOOG-DOJ-11810183); • P. 146-147 (¶ 221): Detailed descriptions of Project Poirot (i.e., the second and third sentences of paragraph 221); • P. 146-147 (Fn. 516): Detailed descriptions of Project Poirot (i.e., the text of footnote 516, as well as the quotes from the documents cited therein); • P. 147 (¶ 222): Detailed descriptions of Project Poirot (i.e., the first, second, and fourth sentences of paragraph 222); • P. 147 (n.517): The quote from GOOG-DOJ-10806862, regarding Project Poirot; • P. 147 (n.519): Quotes from GOOG-AT-MDL-008842383, regarding Project Poirot; • P. 147 (n.521): Quotes from GOOG-AT-MDL-008842383, regarding Project Poirot; • P. 148 (¶ 223): Detailed descriptions of Project Poirot (i.e., the first, second, and third sentences of paragraph 223);

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
			<ul style="list-style-type: none"> • P. 148-149 (§ 224): Detailed descriptions of Project Poirot (i.e., the second, third, and fourth sentences of paragraph 224); • P. 148 (n.523): Detailed descriptions of Project Poirot (i.e., the text of footnote 523, as well as the quotes from the document cited therein); • P. 148 (n.525): Detailed descriptions of Project Poirot (i.e., the first and second sentences of footnote 525); • P. 148 (n.527): Detailed descriptions of Project Poirot (i.e., quotes from GOOG-DOJ-15743853, as well as the second and third sentences of the quotes from GOOG-DOJ-12059682); • P. 149 (n.529): Quotes from GOOG-DOJ-12059682, regarding Project Poirot.
PX 041	670-40	Document produced by Google in this matter, and bearing Bates No. GOOG-DOJ-AT-00858505	As reflected in the public, redacted version filed herewith, Google requests limited redactions of certain non-public financial information of Google's, including revenues and margins. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 041's meaning.
PX 099	672-12	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-004347222	As reflected in the public, redacted version filed herewith, Google requests limited redactions of competitively sensitive details regarding financial terms of a customer discount incentive program. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 099's meaning.

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
PX 100	672-13	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-008313272	Google requests that the Court continue to seal PX 100, which is a recent customer contract containing non-public competitively sensitive contract terms.
PX 101	673-1	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-008622830	As reflected in the public, redacted version filed herewith, Google requests limited redactions of competitively sensitive details regarding certain customer discount incentive programs, including specific proposed financial terms. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 101's meaning.
PX 102	673-2	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-004523396	Google requests that the Court continue to seal PX 102, which is a recent customer contract containing non-public competitively sensitive contract terms.
PX 103	673-3	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-008312255	As reflected in the public, redacted version filed herewith, Google requests limited redactions of commercially sensitive contract negotiations. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 103's meaning.
PX 112	673-12	Document produced by Google in this matter, and bearing Bates No. GOOG-DOJ-04830048	Google requests that the Court continue to seal PX 112, which is an email from D. Harrison to M. Dauwalter, because it reflects highly sensitive business information and strategy.

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
PX 116	673-16	Excerpts from the Expert Rebuttal Report of Robin S. Lee on behalf of Plaintiffs, dated February 13, 2024	<p>Google requests limited redactions pertaining to market share analyses and calculations based in part on Google's internal, non-public proprietary data; and discussion of certain confidential pricing information. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 116's meaning.</p> <p>Specifically, Google seeks the following information in PX 116:</p> <ul style="list-style-type: none"> • P. 162 (Fig. 29 & ¶ 460): Estimate of US ad exchange fees for indirect web non-video advertising; • P. 163 (Fig. 30 & ¶ 462): AdX and third-party exchange US indirect web non-video take rates relative to AdX take rate.
PX 126	673-26	Document produced by Google in this matter, and bearing Bates No. GOOG-DOJ-13221355	Google requests that the Court continue to seal PX 126, which is a non-public, internal document regarding Dynamic Revenue Share. The document contains proprietary and commercially sensitive business information, including product development strategy.
PX 128	673-28	Document produced by Google in this matter, and bearing Bates No. GOOG-DOJ-AT-00573309	As reflected in the public, redacted version filed herewith, Google requests limited redactions pertaining to proprietary, non-public technical project design processes. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 128's meaning.
PX 144	674-14	Document produced by Google in this matter, and bearing Bates No.	Google requests that the Court continue to seal PX 144, which is a recent customer contract containing non-public competitively sensitive contract terms.

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
		GOOG-AT-MDL-019567386	
PX 145	674-15	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-006816357	Google requests that the Court continue to seal PX 145, which is a recent Google internal presentation containing Google's commercial strategy and competitively sensitive contract terms and information.
PX 146	674-16	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-013290051	As reflected in the public, redacted version filed herewith, Google requests limited redactions pertaining to proprietary technical discussion and commercially sensitive product features and future commercial plans. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 146's meaning.
PX 147	674-17	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-014331375	Google requests that the Court continue to seal PX 147, which is a recent Google internal presentation containing Google's commercial strategy and competitively sensitive contract terms and information.
PX 149	674-19	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-006156098	As reflected in the public, redacted version filed herewith, Google requests limited redactions pertaining to competitively sensitive customer revenue metrics. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 149's meaning.

Exhibit No.	Sealed Document Dkt. No.	Description	Basis for Sealing
PX 152	674-22	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-008666769	Google requests that the Court continue to seal PX 152, which is a client list containing competitively sensitive customer information, including account IDs and revenue numbers.
PX 154	674-24	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-009758672	As reflected in the public, redacted version filed herewith, Google requests limited redactions pertaining to competitively sensitive customer revenue metrics. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 154's meaning.
PX 155	674-25	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-004549901	As reflected in the public, redacted version filed herewith, Google requests limited redactions pertaining to competitively sensitive customer revenue metrics and commercial strategy discussions. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 155's meaning.
PX 156	674-26	Document produced by Google in this matter, and bearing Bates No. GOOG-AT-MDL-009748859	As reflected in the public, redacted version filed herewith, Google requests limited redactions pertaining to competitively sensitive customer revenue metrics and recommended media investment. Google's proposed redactions are narrowly targeted and would still allow the public to understand PX 156's meaning.
PX 157	674-27	Document produced by Google in this matter, and bearing Bates No.	As reflected in the public, redacted version filed herewith, Google requests limited redactions pertaining to competitively sensitive customer negotiations, including financial details of a customer agreement. Google's

Simonson Ex. N	721-2	Excerpts from the Deposition of Wayne D. Hoyer, dated March 4, 2024	<p>Google requests a limited redaction of certain non-public, proprietary commercial information, including a reference to certain of Google Ads's largest advertising customers. Google's proposed redactions are narrowly targeted and would still allow the public to understand Simonson Ex. N's meaning.</p> <p>Specifically, Google requests that Tr. 275:20 remain under seal.</p>
